The worksheets can be used either for self-study or in the classroom. The worksheets can be used either for self-study or in the classroom. It provides carefully graded practice and progression in the key academic skills that all students need, such as listening to lecture and speaking in seminars. It also equips students with the specialist language they need to participate successfully within a medicine faculty. Extensive listening exercises come from medical lectures, and all reading texts are taken from the same field of study. There is also a focus throughout on the key medical vocabulary that students will need. It provides carefully graded practice and progression in the key academic skills that all students need, such as listening to lecture and speaking in seminars. There is also a focus throughout on the key medical vocabulary that students will need. The reading and listening texts reflect the kinds of scenarios encountered by the medical professional, providing a context for the language study tasks as well as providing comprehension exercises.
