COX Lawn Mower Blades Collectable Riding Lawnmowers CO. COX Lawn Mower Accessories and Parts COX is an Australian company that produces efficient and effective ride on lawn mowers. Ever since the COX MowMobile was released, the company has enjoyed a prosperous six decades and continues to produce quality mowers for the Australian home. Buying is easy, but lawn mower repair is a whole different story. If you're the type who loves saving cash on labour, buy yourself some spare or replacement COX lawn mower parts to get your riding mower back in top shape. COX Lawn Mowers When you've got more than a two decade old mower, it is probably time to upgrade. COX lawn mowers are all riding mowers. Achieve a pristine lawn with the LawnBOSS ZTR, which has a zero turn radius for precise mowing, while the 4500 Series is built for rugged work conditions. COX Blades The mower blade is one of the first parts to conk out; it is the one that does the dirty work after all. Having replacement COX lawn mower blades on hand is a smart move, especially when you're about to obliterate that pesky bush you've been meaning to destroy all week and it turns out that your blades have gone dull. If you stock up, a simple blade swap returns your mower to peak sharpness in no time. Blades are sold in four or six pair sets.

Make sure to measure the length of your existing blades to ensure you have the right one for your COX mower. Lawn Mower Chains The drive chain is an essential part you should always have on hand because all work stops when it breaks. Take note of the chain length of your COX lawn mower, which you can easily find in your user manual or mower spec sheet. Swapping it out is as simple as moving the main shaft to loosen the chain and replace it with a new one. These repairs are often required when your drive chain slips and causes the mower to jerk forward and lose efficiency and torque when riding. User Agreement, Privacy, Cookies and AdChoice Norton Secured powered by Verisign. The story started more than 50 years ago, when engineer and inventor Owen Cox realised that push power mowers did not suit big Australian properties, especially in regional areas. If you select regular post as an option and the part takes longer than the availability noted on our website at the time then we will do our best to express the part to you at no extra cost this will exclude Oversized Items and Bulky Goods. Sometimes this means the part will arrive to you in a shorter time period. When you place an order, our system will automatically estimate delivery costs. Any variation to shipping options that you may choose will be quoted individually. If parts do become no longer available or are placed on back order we do our best to advise with in 7 working days from time of order confirmation. This can sometimes be held up due to supplier issues. Please enquire to confirm your parts are in stock before placing the order due to large quantities of orders being taken they sometimes may take 12 days to come back into stock. Any orders placed after Midday may be at the risk of adding 1 extra working day due to overnight shipments our end from suppliers PLEASE NOTE If drivers from these carriers are not available for collection and your parts were ordered express then we will use an alternative carrier to ensure your parcel ships from our warehouse the same day. PLEASE NOTE All days are referred to are working days which are classified as MondayFriday. We do not count Saturday and Sunday as a day which items can be dispatched due to freight carriers not being able to collect from our store. We do not recommend this option as there is NO TRACKING or transit cover available and this will be used at the customers own will. Please also be aware as some products are usually too large or heavy for overnight shipping and will be dispatched via Couriers Please or Australia Post. These items are usually Axles and Hydros, Deck Housings, Drive Shafts, Mower Blades, Tyres etc. For confirmation please enquire before placing your order as you may find extra delays.

Once we process your order for shipment we will determine the actual dimensions, weight, destination, carrier, and country limitations. At that time, we reserve the right to charge additional shipping fees and or cancel the order associated with oversized or heavy items, or any other limitations. If this happens, you will be contacted via phone or email with instructions on how to proceed, along with an option to cancel your order. This is most common for the Northern Territory Region. Free freight is offered to New Zealand unless freight is too expensive. If this is the case we will offer a refund on the entire order or advise the extra charges that may apply. Almost every parcel local to Sydney will usually be dispatched via Toll. It will generally be with in 23 days depending on weight and size of the order. Body has some surface rust but overall in good condition. Deck in good condition. Motor not running and requires rebuild or replacement. You can landscape dirt with this mower push it around, not a problem. I have cracked the deck pulled the welder out as good as new, because its a fabricated deck not a pressed or cast deck. One of my employees roll this mower we rolled it back up checked the oil started it and it was good to go. T. Read more he deck being only 32in does take a lot longer to mow the lawn. So its horses for courses. Change your oil the oil filter and the blades yearly you should get about 20 years out of this mower without all the dealer expenses. The simplicity of this mower is what makes it so good. Write a review on ProductReview.com.au ! Barry82 AU 3 reviews 3 likes I like using 4 slinger blades to mulch buffalo lawn clippings. After 2 yrs happy without issues. Comfortable seat. Fuel tank gives about 75 mins heavy use. I like cone vary drive noting this is my 3rd Cox.
